17th Floor
New York, NY 10166
Via email: [REDACTED]

Dear Mr. Siri:

This letter is our final response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of February 2, 2022, assigned #22-00866-FOIA (copy enclosed).

For administrative convenience and to be fully responsive to your informational needs, program staff have furnished a written response to your request. After a careful review, no information was withheld from release.

It should be noted that CDC was at maximum telework during the requested time periods. We cannot assume that everyone who tested positive reported this to CDC, nor were they required to do so. The numbers below reflect what was reported to CDC's Office of Safety, Security, and Asset Management during the time period requested. Also, at this time, vaccination status was not required to be reported; so the number of breakthrough cases reported is based on self-report.

June 2021
Number of Positive Reports - 4
Number of Breakthrough Cases - 0

July 2021
Number of Positive Reports - 18
Number of Breakthrough Cases - 10

August 2021
Number of Positive Reports - 36
Number of Breakthrough Cases - 25

In accordance with the Department's implementing regulations, 45 CFR Part 5, no fees are assessed as costs did not meet the agency's billing threshold.

If you need any further assistance or would like to discuss any aspect of the records provided please contact either our FOIA Requester Service Center at 770-488-6399 or our FOIA Public Liaison at 770-488-6246.

Sincerely,

A handwritten signature in black ink, appearing to read 'Roger Andoh', with a stylized flourish at the end.

Roger Andoh
CDC/ATSDR FOIA Officer
Office of the Chief Operating Officer
